

**Superior Tube's John Reinhart named Vice-Chair of TPA's EDTR Technology Council. (9/15/2006)**

John will serve a two-year term in this position replacing Council Chairman Jerry Miles (Engineering Manager of Cerro Flow Products) in 2008.

A (14) fourteen member TPA Technology Council, the mission of the Extrusion, Drawing & Tube Reducing Council is to further educate the industry by dissemination and enhancing technical knowledge in order to achieve excellence in quality and manufacturing methods for the production of ferrous and nonferrous tubular products.

John has been a member of the EDTR Council since 2000.
