STCI's JOHN REINHART TO CHAIR TECHNOLOGY COUNCIL (6-1-09)

John Reinhart has been elected chairman of the Tube and Pipe Association, International's Extrusion, Drawing and Tube Reducing Technology (EDTR) Council for 2009 and 2010. As chairman, he will serve on the TPA's Advisory Board and the Education Committee of the Fabricators and Manufacturers Association, Int.

The mission of the EDTR Technology Council is to further educate the industry by disseminating and enhancing technical knowledge in order to achieve excellence in quality and manufacturing methods for the production of ferrous and nonferrous tubular and bar products.
