

**STC's John Reinhart Honored with Tube & Pipe Association's Highest Award (11/16/2006)**

Superior Tube's John Reinhart was recently presented with Tube & Pipe Association's (TPA) Outstanding Contribution Award during FMA/TPA's 36<sup>th</sup> annual "Stars of the Industry" awards banquet in Atlanta. This award annually recognizes an individual that has made significant contributions to the tube and pipe producing and fabricating industry. It is the highest award that TPA confers.

A former member of TPA's Board of Directors, John is presently Vice-Chair of TPA's Extrusion, Drawing and Tube Reducing Technology Council. John has been employed by Superior Tube Company for 37 years, working in various technical roles, and is currently responsible for developing new products and improved manufacturing processes.
